

# U-DRILLS® HVAC SCREW

UCAN introduces a new & improved #10 X 3/4" hex washer head HVAC screw. The fastener's enhanced design facilitates quick and easy installation in multiple layers of thin gauge metal. The #10 X 3/4" HVAC screw is now available in bulk carton & convenient Super Pak.

**TYPICAL APPLICATIONS:**

- Spiral duct systems
- Fastening multiple layers of thin gauge metal (Max. 18 ga.)

**MATERIAL SPECIFICATIONS:**

- Zinc Plated
- Attaches multiple layers of light gauge sheet metal
- Designed for connecting spiral duct sections

**INSTALLATION NOTES:**

- Use torque control when fastening into thin sheet metal
- Max. 1500 – 2000 RPM installation speed

**SUPER PAK**
