About UCAN

UCAN Fastening Products has specialized in the production and distribution of concrete anchors and other fastening products for over 50 years. UCAN strives to provide the most practical and cost effective solutions to meet the anticipated needs of designers and contractors. UCAN takes pride in the consistent high quality of its' products as well as the in-depth knowledge and helpfulness of its' sales staff.

Timely Delivery

UCAN keeps its Toronto warehouse well stocked with over 1,100 stock types and sizes of anchors and accessories. As a result, over 97% of all regular orders are usually filled from inventory and shipped within 3-6 hours of being placed.

Technical Services

Our technical staff and knowledgeable inside and outside sales people are readily available to provide technical assistance, product support, and field tests when required.

Innovative Products

Through a constant program of R & D, UCAN develops and improves products to meet the genuine needs of designers and contractors.

Emphasis On Quality

UCAN products are made to the highest quality standards. Each production batch is strictly quality-controlled to assure consistent performance.

Special Sizes And Custom Coatings

UCAN is especially well equipped to supply many types of application specific anchors. Custom sizes and protective coatings are available to meet design requirements.

CONCRETE DRILLING

UCAN carbide tipped drill bits are designed for fast, accurate drilling of correctly sized holes which are needed to ensure optimum anchor performance. All fractional inch sizes conform to ANSI tolerances and metric sizes adhere to DIN standards. Improved flutes remove dust efficiently to prevent heat build-up and increase bit life.

SCRU-TOOL PLUS

with 2 SDS Plus Drill Bits

Established in 1967 by Harry Weitz, UCAN FASTENING PRODUCTS has been supplying high quality masonry and metal fasteners to the construction industry for over 50 years. With his extensive technical background in construction and architecture, Harry has always possessed a keen interest in fastener design, function and application.

Starting out as a wholesale distributor of innovative fastening products, made in the USA and Europe, UCAN was instrumental in bringing wedge anchors, concrete screws and galvanized spiral nail anchors to the Canadian market in the 1950s and 60s. Harry personally developed the EP932 tie wire anchor, which reduced installation time by 50%, as well as UCAN SCRU-IT®'s unique and efficient scalloped cutting thread. These fasteners gained immediate success in the marketplace.

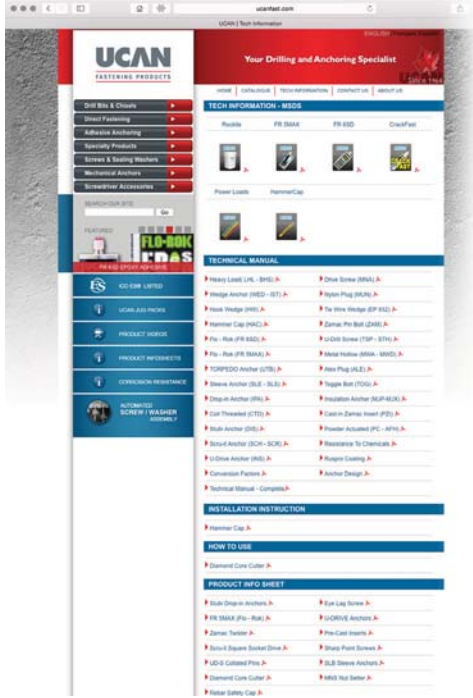

From its' humble beginnings in part of a cramped warehouse, UCAN currently operates from an efficient 35,000 sq ft facility in Toronto.

UCAN's tight knit team of experienced, caring and knowledgeable outside and inside employees, provide an unrivalled level of customer service. Most orders are shipped the day they are received and order fill rates generally exceed 97%. Also key to UCAN's success is the company's philosophy of constant product improvement through R&D and strict quality control at all stages of production.

UCAN remains a family owned business. While still involved at UCAN, Harry has passed the reins of the daily operation to his son, Jeremy who has been working at UCAN for over 30 years.

Jeremy and Harry Weitz

For more information on anchor selection and design criteria, as well as the latest performance data, please contact UCAN or visit our website at www.ucanfast.com

DISCLAIMER OF WARRANTIES AND LIABILITY

UCAN Fastening Products (UCAN) accepts no responsibility in case of any damage, loss, or injury, direct, indirect, incidental or consequential that results from the use of, or the inability to use, the text and technical data contained in the current or any subsequent editions and/or versions of the price list, technical manual or any other UCAN publications. All recommendations or suggestions for use of UCAN products are made without guarantee. Furthermore, UCAN accepts no responsibility for the performance of its products since the conditions of use are not under its control. Goods proved to be defective will be replaced, but UCAN accepts no responsibility beyond the cost of the goods supplied. Furthermore, UCAN accepts no responsibility in case of damage that results from non-compliance with the manufacturer's installation instructions, improper sizing of anchor fastening by customer, inadequate load bearing properties of anchoring base material, improper applications, or any other factor not brought to the prior attention of UCAN. Except as provided in this clause, UCAN accepts no liability with respect to delay in delivery or any injury, damage or loss resulting from the use of its products.

Limitation of damages – UCAN will not be liable to DISTRIBUTOR for loss of future sales, loss of profits or goodwill, loss of use or incidental, indirect, consequential or special damages. UCAN's liability under this agreement, including its indemnification obligations, will not individually or in the aggregate exceed the amounts paid to UCAN by DISTRIBUTOR for the products giving rise to such liability. EXCEPT FOR THE APPLICABLE LIMITED WARRANTY, UCAN MAKES NO REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED (INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT) CONCERNING ANY PRODUCT, AND ALL OTHER GUARANTEES, WARRANTIES, CONDITIONS AND REPRESENTATIONS, EITHER EXPRESS OR IMPLIED, ARE EXCLUDED

UCAN Fastening Products is a division of
British Fastening Systems Limited.
