

TORPEDO BOLT

ROD HANGER

UTB 14158 RH
1/4 X 1-5/8

UCAN TORPEDO® BOLT is an excellent anchoring solution for medium duty applications. Now ICC approved, TORPEDO® RH rod hanger is available in zinc plated carbon steel. It is a fast and economical way to hang 3/8-16 threaded rod. Matched with a standard 1/4" UCAN ANSI tolerance drill bit, this fastener exhibits consistently high load values. Installation with UCAN's new TST RH depth sensitive setting tool prevents over torquing and allows for optimal performance.

IDEAL FOR

- ✓ Sprinkler systems
- ✓ Hanging 3/8 -16 rod

APPROVALS

- ✓ ICC-ES® Listed ESR- 5290

LIMITATIONS

- ✓ Not recommended for use in highly corrosive environments.
